Track Loader Purchase

Attached you will find the 3 Quotes that Ryan and I have been able to put together for the purchase of a Trac Loader for working in our Alleys and for many other tasks. We have looked at and tested all of the Skid Steers that were quoted and have decided that the Bobcat T76 T4 Compact Track Loader will serve us best. We are both very familiar with the Bobcat series and feel that with it having the capability of having "High Flow" hydraulics we can utilize many attachments to perform other projects including an Asphalt Grinder for doing our own Mill & Fill repairs on our roadways. Here are the 3 Quotes.

- #1 – Bobcat T76 (\$91,106.08)
- #2 – Company Wrench (\$86,617.44)
- #3 – Southeastern Equipment (\$94,239.75)

Company Wrench is now branching out into Track Loaders and have not been tested enough for us to trust it to hold up. Southeastern who we have purchased through before, their Track Loader doesn't hold up to a Bobcat. We have built it into our Budget for this year, and I have met with Mr. Kirby and he has moved funds out of our Savings to make the purchase available. Please feel free to contact me or Ryan if you have any questions.

Thank you
